**Mobile Deposits
from your Credit Union**

Life just got easier with Mobile Deposits.

In life, there are wins...and there are *epic wins*. Depositing checks with your smartphone or tablet is definitely epic.

Got a check to deposit? With Mobile Deposits from your credit union, you won't have to search for an ATM or branch. You can deposit checks on *your* time, from virtually anywhere, with the camera on your mobile device.

Fast. It's as simple as snapping a picture and sending it to a friend.

Convenient. Skip the driving, deposit slips, lines and ATMs. Get it done while you're thinking about that check!

Easy to Use. The credit union's mobile app guides you through the short process.

Your deposit is as secure as depositing checks in person at a credit union branch or at an ATM. Check images are never saved on your device, and you'll have a user ID and password to access your account.

Here's how Mobile Deposits work:

- ▶ **Open** the credit union's mobile app and select the deposit feature.
- ▶ **Select** the account to receive the deposit, and enter the check amount.
- ▶ **Snap** photos of the front and back of your endorsed check.
- ▶ **Verify** your deposit amount.
- ▶ **Send.** You'll receive confirmation that your deposit is being processed.

Driving to the credit union or ATM to deposit a paycheck, birthday check or any paper check is so...well, old school!
